2879. Minutes.

THE Minutes of the Committee's Meeting of the 20th April last, having been printed and circulated, were declared correct, and were signed.

July 13, 1910. 2880. Solicitors' charges to 30th June.

SUBMITTED Messrs. Bristows' Bills of Costs for half-year ending 30th June, 1910, as follows:—

RATING:—Quinquennial Assessments	£34 16 4
Sundries	3 4 4
Prosecution less costs recovered	1 11 2
	<u>£39 11 10</u>

Approved and to be paid.

## 2881. Division of Responsibility under Lease (5870).

SUBMITTED agreements from all Companies to the figures for half-year ending 31st December, 1909.

## 2882. Rent of Line due 1st October, 1910.

RESOLVED—

That £15,000, the half-year's rent, be paid to the East London Company on the 1st October next, each of the Lessee Companies being hereby requested to contribute £2,000 (Two Thousand Pounds) towards such payment, but without prejudices to its share of responsibility under the Lease.

## 2883. Passenger Train Working.

READ letter from Brighton Company—

"In connection with the electrification of our line we are considering the question of through trains, and I find there is a great deal of inconvenience to the South London Line Traffic in consequence of the East London Trains running through to Peckham Rye. I propose, therefore, on and from the first January next, to run these Trains to New Cross in lieu of Peckham Rye."

RESOLVED—

That this matter is referred to the General Managers.

## 2884. Quinquennial Assessments.

READ Messrs. Bristows' Report:—

### "QUINQUENNIAL ASSESSMENTS.

"With reference to the above we beg to report as follows:—

"In preparing the Statements which were required to be furnished of the estimated rental value of the property upon which the new Quinquennial Assessments should be based it was considered, in view of the fact that under the present conditions the line is not worked at a profit, and of the recent legal decision in the case of The Great Central Railway v. The Banbury Union, that the property could not be regarded as commanding more than a nominal rental value, and that consequently the assessments should only be nominal. The Rating Authorities, however, have not accepted this view.

"The following Statement will afford a comparison of the new Rateable Values entered in the respective Valuation Lists with those at present in force:—

Borough.		Old Assessment. Rateable Value.	Proposed New Assessment. Rateable Value.	Amount of Increase.
		£	£	£
BETHNAL GREEN	Line of Railway.	200	Valuation not yet completed.	...
STEPNEY	Do.	1,400	3,161	1,761
BERMONDSEY	Do.	2,280	2,280	...
DEPTFORD	Do.	3,326	3,326	...

"We have, as on previous occasions, consulted Messrs. Ryde and Sons as to what, in their opinion, are the proper sums at which the Committee's property in the various Boroughs should be assessed.

"Messrs. Ryde and Sons endorse the view that, by the ordinary method, no Rateable Value can be shown, but inasmuch as it would be inexpedient to contend that the property should be excluded altogether from rating, they have advised that the amounts at which the Rating Authorities should be requested to assess the line of railway should be arrived at on the basis of the usual siding value in suburban districts, viz., 1s. per yard of single line.

"Acting on your instructions, Notices of Objection on behalf of the Committee to the Valuation Lists in the Boroughs of Stepney, Bermondsey and Deptford have accordingly been given, and in calculating the amounts at which the Committee desire the line of railway to be assessed, the above suggestion has been adopted.

"Upon this basis, the Assessments would compare with those entered in the Valuation Lists as follows:—

	Assessment Authorities' Valuation.	Messrs. Ryde and Sons' Valuation.
	£	£
"Borough of Bethnal Green ... ..	200*	75
"Borough of Stepney ... ..	3,161	301
"Borough of Bermondsey ... ..	2,280	182
"Borough of Deptford ... ..	3,326	508
	<u>£8,967</u>	<u>£1,066</u>

\* Present Figure.

"As regards Bethnal Green, the Authorities have not yet completed their Valuation of the section of the line within the Borough, but, if necessary, it is proposed to lodge Notice of Objection in this case also, requiring an assessment on the above basis.

"With regard to the Stations, objections have also been lodged to the Valuation Lists in respect of those in the Borough of Stepney. The following Statement shows the present Rateable Value, the Assessment Committee's Valuation, and Messrs. Ryde & Sons' Valuations of all the Stations:—

Station.	Present Rateable Value.	Assessment Committee's Valuation.	Messrs. Ryde & Sons' Valuation.
	£	£	£
Deptford Road, Rotherhithe ..	400	400	Agreed.
Wapping ... ..	Not separately assessed.	90	63
Shadwell ... ..	150	150	95
Whitechapel ... ..	114	200	98

"The objections will probably not be considered by the Assessment Committees until September or October, but upon the assumption that they may not be allowed, the question of appealing to Quarter Sessions should be considered. Under the circumstances we think it desirable that we should be authorized now to retain the services of Sir Alfred Cripps, K.C., and Mr. W. C. Ryde as Counsel on behalf of the Committee in case such appeals become necessary.

"We are, dear Sir,

"Yours faithfully,

"(Sgd.) BRISTOWS, COOKE & CARPMAEL."

Approved.

## 2896. Rent of Line due 1st October (2882).

## REPORTED—

That in accordance with Minute 2882 of 13th July last, the Lessee Companies having each contributed £2,000, the rent due East London Company, £15,000 less tax, had been paid to that Company on the 1st instant.

## 2897. Passenger Train Working (2883).

SUBMITTED General Managers' recommendation on the proposed discontinuance of Brighton Co's Service between Shoreditch and Peckham Rye.

THE SECRETARY having been asked for a report on this matter, the General Managers had considered the report (as given below), and it was agreed to recommend to the Committee that this service of trains be discontinued on and from January 1st, 1911, and that the revision of the Time-Tables, on the basis of the report, be carried out by the Secretary.

In reply to your request for information on this subject, I beg to report:—

The cost of the running of this service to the Joint Committee is £2,830, and the Committees' earnings from the Coaching Traffic with and via Old Kent Road Junction, is £1,604 for 12 months.

Although these trains carry a certain amount of East London Local Traffic—it is not possible to distinguish the value thereof.

Owing to the exigencies of our situation as regards Shoreditch Junction with Great Eastern Main Line, Old Kent Road Junction with the Brighton Company's Portsmouth Line, the connections with the Brighton Company at New Cross, and having to run engines round and shunt on running roads, services of trains terminating at Shoreditch and Whitechapel—it has never been possible to have approximately equal intervals over East London Line for the Brighton Company's services.

For some time I have had careful observation on the user of these trains, and in view of the General Managers probably approving that the service with Peckham Rye over E. L. Line be discontinued, I have prepared a revision of our Time Tables by which there will be a saving in "running" of £1,802.

On the supposition that we lost the whole of the present earnings with and via Old Kent Road the nett result would be a credit of £200—but it is highly improbable we should lose the whole of it—and with the greatly improved intervals we may increase our local traffic, including New Cross, Brighton.

What amount of the Old Kent Road traffic would be diverted to New Cross is highly conjectural, but I am of opinion a share of it will be secured.

For these two reasons the above mentioned £200 will be, in all probability, augmented.

On very careful consideration I think we cannot dispense with a single further train without injuring our traffic, and should this develop there is ample margin for strengthening any train requiring it.

The discontinuance of our share in the expense of Old Kent Road Junction will save a further £125 per annum.

W. H. PARSONS.

Approved, but resolved to defer the cessation of running until 1st May, or 1st June next, as may be required by Brighton Company.

## 2898. Quinquennial Assessments (2884).

SUBMITTED Messrs. Bristows' further Report:—

## "QUINQUENNIAL ASSESSMENTS.

"Referring to the Committee's Minute No. 2884, we beg to report the present position of these matters as follows:—

"Sir Alfred Cripps, K.C., and Mr. W. C. Ryde have both accepted General Retainers in all matters relating to the assessments of the Committee's property and appeals therefrom, so that the Joint Committee now has the first call upon their services in case of need.

"BOROUGH OF DEPTFORD AND BERMONDSEY.

October 19,  
1910.

"The Assessment Committees in these Boroughs have not yet heard the Joint Committee's  
"Objections to the Valuation Lists, and the position, therefore, is as indicated in our previous Report.

"BOROUGH OF STEPNEY.

"The Objections to the List in this Borough have been heard by the Assessment Committee.

"With regard to the Valuation of the line of railway, the Assessment Committee were not  
"disposed to make any material reduction in their estimate of the rateable value, but, after hearing  
"the arguments in support of the Objections, they decided to further consider the matter and appoint  
"another hearing.

"As regards the three Stations in this Borough, after giving the matter full consideration, we  
"came to the conclusion that the discussion of the values of these properties in Court would not be  
"justified by the amounts in dispute, and that it would be advisable, if possible, to endeavour to agree  
"the amounts at which the Stations should be assessed, so as to leave the main question, viz., the  
"assessment of the line of railway, to be dealt with as may hereafter be found to be necessary.

"Negotiations were accordingly opened with the Assessment Committee's Valuer with a view to  
"effecting an amicable arrangement as above indicated, and in the result he has agreed to recommend  
"the following assessments:—

"Whitechapel Station	...	...	£150	Rateable Value.
"Shadwell	"	"	£125	" "
"Wapping	"	"	£75	" "

"Mr. Ryde is of opinion that this settlement is satisfactory, and we therefore recommend its  
"confirmation by the Joint Committee.

"BOROUGH OF BETHNAL GREEN.

"The value of the Committee's property in this Borough, viz., the line of railway and Shoreditch  
"Station, has now been entered in the Valuation List at £700 Gross Value and £250 Rateable  
"Value, as against the present assessment of £240 Gross and £200 Rateable Value.

"We have served Notice of Objection on behalf of the Joint Committee, but no appointment has  
"yet been given for a hearing.

"BRISTOWS, COOKE & CARPMAEL."

2899. Staff.

#### "QUINQUENNIAL ASSESSMENTS.

" Referring to the Committee's Minute No. 2898, we beg to report further, as under :—

" The Objections to the respective Valuation Lists have been heard, with the following results :—

##### " BOROUGH OF BETHNAL GREEN.

" The Assessment Committee, after hearing the arguments in support of the Joint Committee's Objections, fixed the Gross Value at £425 and the Rateable Value at £200, thus restoring the Rateable Value in this Borough to the amount agreed at the last Quinquennial. This Assessment includes Shoreditch Railway Station, and as Messrs. Ryde & Sons are of opinion that the above-mentioned figures are satisfactory, we advise that they be allowed to stand.

##### " BOROUGHS OF STEPNEY, BERMONDSEY AND DEPTFORD.

" The following statement shews the result of the Objections to the Valuation Lists in these Boroughs :—

	Existing Assessments.	New Assessments as originally proposed.	Assessments as now determined by Assessment Committee.	Messrs. Ryde & Sons' Valuation, based upon a value of 1s. per yard of single track.	Difference between the new Assessments and Messrs. Ryde's Valuation.
	£	£	£	£	£
Stepney . . .	1,400	3,161	1,400	301	1,169
Bermondsey . .	2,280	2,280	1,580	182	1,398
Deptford . . .	3,326	3,326	3,331	508	2,823

" The above figures relate to the line of railway only, and are Rateable Values."

" With regard to Stepney, the £1,400 previously included Wapping Railway Station, but this property has now been separately assessed at £75, so that there is in fact an increase in the total assessment of the line in this Borough of £75. Dec. 14,  
1910.

" In Bermondsey there is a reduction of £700 from the present assessment, and in Deptford an increase of £5.

" Notices of Objection requiring the Assessment Committees to reconsider their decisions have been given in each case. In Stepney the objection has already been heard and dealt with, with the result that the Assessment Committee have confirmed their previous decision.

" The further objections in Bermondsey and Deptford have not yet been heard. We anticipate, however, possibly some modification in favour of the Committee in the case of Deptford, but do not think that any further reduction will be obtained in Bermondsey. These applications to the Assessment Committees to reconsider their decisions prior to the settlement of the final list of assessments are a necessary preliminary should it be desired to carry the objections further.

" As these assessments ignore the consideration that the line cannot, under present circumstances, be worked at such a profit as would command a rental value in the several Boroughs of anything approaching the amounts at which it is assessed, we recommend that Notices of Appeal to Quarter Sessions be lodged.

" As such notices have to be given before the 14th January next, we shall be glad of instructions whether this is to be done.

" (Signed.) BRISTOWS, COOKE & CARPMAEL."

December 13th, 1910

" Referring to our Report dated 13th instant on the present position of the above matters, we now write to inform you that we this morning attended before the Assessment Committee for the Parish of St. Paul, Deptford, when the Committee fixed the Rateable Value of the line of railway at the sum of £2,326, thus reducing the existing assessment by the sum of £1,000.

" The figures relating to Deptford in the third and fifth columns of the statement contained in our Report should therefore be £2,326 and £1,818 respectively.

" (Signed) BRISTOWS, COOKE & CARPMAEL."

December 14th, 1910

The section referring to Bethnal Green was approved.

Dec. 14  
1910.

"The working of those trains by our current has been, as you are doubtless aware, perfectly satisfactory, there having been no interruption of any kind since the date when the trains were first started.

"Our supply station is in close proximity to your railway at New Cross, so that it would be a very easy matter for us to arrange for the supply of energy for working the whole of your railway.

"We shall be glad to arrange, at any time convenient to you, for our Engineer to meet yours or your Committee, with a view to assisting them with the benefit of our experience in connection with the L. B. & S. C. Railway plant."
